

ann veronica design commission program basics

We've kept the commission structure as simple and straight-forward as possible! Here are the basics:

ann veronica design representative commission structure

Orders Placed with Gross Sales of \$101 to \$200
Your Earnings = 25% of gross sales

Orders Placed with Gross Sales of \$200 or more
Your Earnings = 30% of gross sales

Note: orders under \$100 are considered personal sales and are not commissionable.

qualifications

Success in any business relies on quality representation. In order to receive commission from sales of Ann Veronica products, a Design Representative must be "Active", which simply means they must be in good standing with our company and actively promoting and selling products. If a Representative is not in good status, or there are no sales earnings for a four-month period, the Design Representative is moved to an "Inactive List." If a Representative is not in good status, or there are no sales earnings in a six-month period, we may remove the Design Representative from our sales team. Reinstatement as a Design Representative will require a \$20 reinstatement fee.
